

## Who We Are

**HomeCare & Hospice** has been providing in-home care to area residents since 1971. As the needs of the community increased, HomeCare & Hospice added programs to meet those needs, including services for the frail elderly, developmentally disabled, patients recovering from surgery or illness, as well as those living with long-term disability or illness.

HomeCare & Hospice is a non-profit agency that is governed by a board of directors which is representative of the service area of Cattaraugus, Allegany, Wyoming and Genesee Counties.

## What We Offer

### Licensed Home Care Services

- Skilled care such as assessment and teaching
- Medication administration
- IV therapy
